आदेश

नई दिल्ली, 22 दिसम्बर, 1980

का. आ. 278.—सर्वोच्च बेस्टर्न इण्डिया रोलड ग्लास मैनु-फैक्चरिंग कं. बम्बई को दो आयात लाइसेंस पी/सी जी/2030983 और पी/सी जी/2030984 दोनों दिनांकित 20-5-1980 क्रमशः 26.36,718 -2/80 रुपये और 1,25,531 रुपये के लिए पं. जर्मनी पूंजीगत माल क्रेडिट और यू.के./इंडिया पूंजीगत निवेश अनुदान 1978 (निजी क्षेत्र सेगमेंट) के अधीन पूंजीगत माल के आयात के लिए प्रदान किये गये थे। फर्म ने उपर्युक्त लाइसेंसों की अनुतिथि प्रति के लिए इस आधार पर आवेदन किया है कि मूल लाइसेंस (दोनों प्रतियां) खो गया है/अस्थानस्थ हो गया है। आगे यह बताया गया है कि दोनों लाइसेंस किसी भी सीमा शुल्क प्राधिकारी के पास पंजीकृत नहीं हुए हैं और उनका प्राणिक रूप से या पूर्ण रूप से बिल्कुल भी उपयोग नहीं हुआ है।

2. अपने तर्क के समर्थन में, आवेदक ने नोटरी, महाराष्ट्र के सामने विधिवत् शपथ लेकर स्टाम्प कागज पर एक शपथपत्र दायित्व किया है। तदनुसार मैं संवुष्ट हूँ कि मूल आयात लाइसेंस सं. पी/सी जी/2030983 और पी/सी जी/2030984 दोनों दिनांकित 20-5-1980 खो गए हैं/अस्थानस्थ हो गए हैं। यथा संशोधित आयात (नियंत्रण) आदेश, 1955

दिनांक 7-12-1955 की उप-धारा 9 (सी सी) द्वारा प्रदत्त अधिकारों का प्रयोग करते हुए, सर्वश्री वेन्स्टन इंडिया रोल्ड ग्लास मैन्फैक्चरिंग कंपनी लि. को जारी किए गए उक्त दानों मूल आयात लाइसेंस सं० पी/सी जी/2030983 और पी/सी जी/2030984 दोनों दिनांकित 20-5-1980 एनडू द्वारा रद्द किए जाते हैं।

3. पार्टी को उक्त लाइसेंसों की अनुविधि प्रतियां जारी की जा रही हैं।

### Office of the Chief Controller of Imports and Exports

#### ORDER

New Delhi, the 22nd December, 1980

**S.O. 278.**—M/s. Western India Rolled Glass Manufacturing Company, Bombay were granted two import licence Nos. P/CG/2030983 and P/CG/2030984, both dated 20th May, 1980 for Rs. 26,36,718 and Rs. 1,25,531 respectively for import of capital goods under West German Capital Goods Credit and U.K./India Capital Investment Grant 1978 (Pvt. Sector Segment). The firm has applied for issue of duplicate copies of the above mentioned licences on the ground that the original licences (customs and exchange purposes) have been lost/misplaced. It has further been stated that the two import licences have not been registered with any customs authority and have not been utilised either partly or at all.

2. In support of their contention, the licensee has filed two affidavits on stamped papers duly sworn in before Notary, Maharashtra. I am accordingly satisfied that the original import licences Nos. P/CG/2030983 and P/CG/2030984, both dated 20th May, 1980 have been lost/or misplaced by the firm. In exercise of the powers conferred under sub-clause 9(cc) of the Import (Control) Order, 1955 dated 7th December, 1955 as amended, the said original two import licences Nos. P/CG/2030983 and P/CG/2030984, both dated 20th May, 1980 issued to M/s. Western India Rolled Glass Manufacturing Company, Bombay are hereby cancelled.

3. Two duplicate copies of the said licences are being issued to the party

#### लाइसेंस रद्द करने का आदेश

नई दिल्ली, 7 जनवरी, 1981

**का० आ० 279.**—सर्वश्री होटल प्रेसीडेंट, 90 क्यूफे परेड, बम्बई-400005 को भंडार और खाद्य सामग्री आयात करने के लिए लाइसेंस जारी करने की तिथि से 12 मास की अवधि के लिए रकम 50,000/-रुपए मात्र मूल्य के लिए एक आयात लाइसेंस सं० पी/ए/1443321/सी/एक्स एम्स/73/एच/79, दिनांक 19-11-1979 प्रदान

किया था। पार्टी ने उक्त आयात लाइसेंस के लिए अनुविधि लाइसेंस (सीमा शुल्क निकासी प्रति और मुद्रा विनिमय नियंत्रण प्रति दोनों) प्रदान करने के लिए हम आधार पर अभ्यवेदन किया है कि उनसे मूल लाइसेंस खो गया है। पार्टी ने आयात व्यापार नियंत्रण नियमों के अनुसार आवश्यक शपथ-पत्र दाखिल किया है जिसके अनुसार उक्त आयात लाइसेंस बम्बई पत्तन, बम्बई पोर्ट ट्रस्ट और बम्बई नगर निगम (चुनी विभाग) के पास पंजीकृत कराया गया था और आंशिक रूप से उपयोग में लाया गया था। लाइसेंस में अब केवल 3526/-रुपए की क्षमता शेष है। पार्टी ने यह भी बतान दिया है कि यदि मूल लाइसेंस (सीमा शुल्क निकासी प्रति और मुद्रा विनिमय नियंत्रण प्रति दोनों) यदि बाव में मिल जाए तो उसे लाइसेंस प्राधिकारी को लौटा दिया जाएगा।

2. मैं संतुष्ट हूँ कि मूल लाइसेंस (सीमा शुल्क निकासी प्रति और मुद्रा विनिमय नियंत्रण प्रति दोनों) खो गया है तथा निर्देश देना हूँ कि आवेदक को लाइसेंस की अनुविधि प्रति (सीमा शुल्क निकासी प्रति तथा मुद्रा विनिमय नियंत्रण प्रति दोनों) जारी की जानी चाहिए। मूल लाइसेंस की सीमा शुल्क निकासी और मुद्रा विनिमय नियंत्रण प्रतियां एनडू द्वारा रद्द की जाती हैं।

#### CANCELLATION ORDER

New Delhi, the 7th January, 1981

**S.O. 279.**—M/s. Hotel President, 90 Cuffe Parade, Bombay-400005 were granted an import licence No. P/A/1443321/C/XX/73/H/79, dated 19th November, 1979 for a c.i.f. value of Rs. 50,000 only for import of stores and provision valid for 12 months from the date of its issue. The party has applied for grant of a Duplicate licence (both custom purpose and Exchange Control copies) for the aforesaid import licence on the ground that the original licence has been misplaced by them. The party has furnished necessary affidavit as per ITC rules according to which the aforesaid import licence was registered with the Bombay Customs, Bombay Port Trust and Bombay Municipal Corporation (Octroi Department) and utilised partly. The balance left in the licence is Rs. 3,526 only. Party has also undertaken to return to the licensing authority the original licence (both custom purpose and Exchange Control Copies) if the same is traced or found later on.

2. I am satisfied that the original licence (both custom purpose and Exchange Control copies) has been misplaced and direct that Duplicate Licence (both custom purpose and Exchange control copies) should be issued to the applicant. The Customs purpose and Exchange Control copies of the original licence are hereby cancelled.

### ऊर्जा मंत्रालय

### (कोयला विभाग)

नई दिल्ली, 12 जनवरी, 1981

**का० आ० 289.**—केन्द्रीय सरकार ने, कोयला धारक क्षेत्र (अर्जन और विकास) अधिनियम, 1957 (1957 का 20) की धारा 4 की उपधारा (1) के अधीन, भारत सरकार के इस्पात, खान और कोयला मंत्रालय, कोयला विभाग की अधिसूचना सं० का० आ० 798, तारीख 12 मार्च, 1980 द्वारा, उस अधिसूचना से उपाबद्ध अनुसूची में विनिर्दिष्ट पक्षेत्र में 1252.83 एकड़ (लगभग) या 506.99 हेक्टर (लगभग) भूमि में पूर्वेक्षण के अन्तर्गत धारण की सूचना थी;

और केन्द्रीय सरकार का समाधान हो गया है कि उक्त भूमियों के भाग में कोयला अमिप्राप्त है;

अतः, अब, केन्द्रीय सरकार, उक्त अधिनियम की धारा 7 की उपधारा (1) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए:—

(क) इससे उपाबद्ध अनुसूची "क" में वर्णित 253.73 हेक्टर (लगभग) या 627.01 एकड़ (लगभग) माप की भूमि का;

(ख) इससे उपाबद्ध अनुसूची "ख" में वर्णित 57.95 (हेक्टर) (लगभग) या 143.19 एकड़ (लगभग) माप की भूमि में खान, खदान, बेधर करने, खोदने और उनमें खनिजों की खाना करने, उन्हें प्राप्त करने, उन पर कार्य करने और उन्हें ले जाने के अधिकारों, का अर्जन करने के अन्तर्गत धारण की सूचना देती है।

**टिप्पणी 1:** इस अधिसूचना के अधीन आने वाले क्षेत्र के रेखांक का निरीक्षण कलक्टर, चन्द्रपुर (महाराष्ट्र) के कार्यालय या कोयला निरीक्षक का कार्यालय, 1, बाउन्डरी हाउस स्ट्रीट, बलवन्ता या वेस्टर्न कोलफील्ड्स लिमिटेड (राजस्थान अनुभाग), बिसेमर हाउस, टेंडल रोड, नागपुर (महाराष्ट्र) के कार्यालय में किया जा सकता है।

**टिप्पणी 2.** पूर्वोक्त अधिनियम की धारा 8 के उपबंधों की धारा ध्यात आकर्षित किया जाता है जिसमें निम्नलिखित उल्लेख है:—

"अर्जन की बाबत प्राप्ति:— 8(1) कोई व्यक्ति जो किसी भूमि में जिसकी बाबत धारा 7 के अधीन अधिसूचना निकाली गई है, हितबद्ध है, अधिसूचना के दिनांक से तीस दिन के भीतर सम्पूर्ण भूमि या उसके किसी भाग या ऐसी भूमि में या उस पर किन्हीं अधिकारों का अर्जन किए जाने के बारे में प्राप्ति कर सकेगा।

**स्पष्टीकरण.**—इस धारा के अन्तर्गत यह प्राप्ति नहीं मानी जा कि कोई व्यक्ति किसी भूमि में किसी भी प्रकार के लिए स्वयं खान संकियाए करना चाहता है और ऐसी संकियाए केन्द्रीय सरकार या किसी अन्य व्यक्ति को नहीं करनी चाहिए।

(2) उपधारा (1) के अधीन प्रत्येक प्राप्ति मक्षम प्राधिकारी को लिखित रूप में की जाएगी और मक्षम प्राधिकारी प्राप्तिकर्ता की स्वयं सुने जाने का या विधि व्यवसायी द्वारा सुनवाई का अवसर देगा और ऐसी सभी प्राप्तियों को सुने के पश्चात् और ऐसी अनिवार्यता, यदि कोई है, करने के पश्चात् जो वह आवश्यक समझता है, वह या तो धारा 7 की उपधारा (1) के अधीन अधिसूचित भूमि के या ऐसी भूमि में या उस पर के अधिकारों के संबंध में एक निपट या ऐसी भूमि के विभिन्न टुकड़ों या ऐसी भूमि में या उस पर के अधिकारों के संबंध में प्राप्तियों पर अपनी निगरानी और उसके द्वारा की गई कार्यवाही के अभिलेख सहित विभिन्न रिपोर्ट केन्द्रीय सरकार को उसके विनिश्चय के लिए देगा।

(3) इस धारा के प्रयोजनों के लिए वह व्यक्ति किसी भूमि में हितबद्ध समझा जाएगा जो प्रतिर में हित का दावा करने का हकदार होता यदि भूमि या ऐसी भूमि में या उस पर अधिकार इस अधिनियम के अधीन अर्जन कर लिए जाते।"

**टिप्पणी 3.** केन्द्रीय सरकार ने, इस अधिनियम के अधीन, कोयला निरीक्षक, 1, कार्मिन्स हाउस स्ट्रीट, कलकत्ता को मक्षम प्राधिकारी के रूप में नियुक्त किया है।

## MINISTRY OF ENERGY

## (Department of Coal)

New Delhi, the 12th January, 1981

**S.O. 289.**—Whereas by the notification of the Government of India, in the Ministry of Steel, Mines and Coal, Department of Coal No. S.O. 798 dated the 12th March, 1980, under sub-section (1) of section 4 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957) and published in Part II, Section 3, Sub-section (ii) of the Gazette of India dated the 29th March, 1980, the Central Government gave notice of its intention to prospect for coal in 1252.83 acres (approximately) or 506.99 hectares (approximately) of the lands in the locality specified in the Schedule annexed to that notification;

And whereas the Central Government is satisfied that coal is obtainable in a part of the said lands;

Now, therefore, in exercise of the powers conferred by sub-section (i) of Section 7 of the said Act, the Central Government hereby gives notice of its intention to acquire—

- the lands measuring 253.73 hectares (approximately) or 627.01 acres (approximately) described in Schedule 'A' appended hereto;
- the rights to mine, quarry, bore, dig and search for, win, work and carry away minerals in the lands measuring 57.95 hectares (approximately) or 143.19 acres (approximately) described in Schedule 'B' appended hereto.

**Note : 1.**—The plans of the area covered by this notification may be inspected in the Office of the Collector, Chandrapur (Maharashtra) or in the Office of the Coal Controller, 1, Council House Street, Calcutta or in the Office of the Western Coalfields Limited (Revenue Section), Bisesar House, Temple Road, Nagpur (Maharashtra).

**Note : 2.**—Attention is hereby invited to the provisions of section 8 of the aforesaid Act which provide as follows :  
**OBJECTIONS TO ACQUISITION :—**

"8(1) Any person interested in any land in respect of which a notification under section 7 has been issued may, within thirty days of the issue of the notification, object to the acquisition of the whole or any part of the land or of any rights or in or over such land.

**Explanation :—**It shall not be an objection within the meaning of this section for any person to say that he himself desires to undertake mining operations in the land for the production of coal and that such operations should not be undertaken by the Central Government or by any other person.

(2) Every objection under sub-section (1) shall be made to the competent authority in writing, and the competent authority shall give the objector an opportunity of being heard either in person or by a legal practitioner and shall, after hearing all such objections and after making such further enquiry, if any, as he thinks necessary, either makes a report in respect of the land which has been notified under sub-section (1) of section 7 or of rights in or over such land, or make different reports in respect of different parcels of such land or of rights in or over such land, to the Central Government, containing his recommendations on the objections, together with the record of the proceedings held by him for the decision of that Government.

(3) For the purpose of this section, a person shall be deemed to be interested in land who would be entitled to claim an interest in compensation if the land or any rights in or over such land were acquired under this Act."

**Note : 3.**—The Coal Controller, 1, Council House Street, Calcutta, has been appointed by the Central Government as the competent authority under the Act.

Kalipahar, District Burdwan and their workmen, which was received by the Central Government on the 27th December, 1980.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL  
AT CALCUTTA

Reference No. 55 of 1980

## PARTIES :

Employers in relation to the management of Sripur Colliery of M/s. Eastern Coalfields Ltd.,

## AND

Their Workmen

## APPEARANCES :

On behalf of Employers—Mr. N. Das, Advocate.

On behalf of Workmen—Absent.

STATE : West Bengal INDUSTRY : Coal Mine

## AWARD

The instant reference arises out of the Central Government Order No. L-19012(1)/80-D. IV(B) dated 8th July, 1980 in respect of an industrial dispute between the management of Sripur Colliery of Messrs Eastern Coalfields Limited, P.O. Kalipahar, District Burdwan, hereinafter referred to as "Sripur Colliery" and their workmen. The dispute has been mentioned in the Schedule to the reference in the following terms :

"Whether the action of the management of Sripur Colliery, of M/s. Eastern Coalfields Limited, Post Office Kalipahar, District Burdwan, in not giving Shri Bhola Nath Pandey, Loading Clerk proper designation after his promotion to next higher grade is justified ? If not, to what relief is the concerned workman entitled ?"

2. Notices were issued to the Sripur Colliery as well as to the Joint General Secretary, Colliery Mazdoor Union (INTUC), 27-G.T. Road, Bastin Bazar, Asansol, Burdwan representing the workmen of the colliery, as mentioned in the order of reference. The notices asked the parties to submit their written statement in respect of the reference. Notices were duly received by the Agent of Sripur Colliery on 19-8-80 and the Joint General Secretary of the Colliery Mazdoor Union also received the notice on 22-8-80 as will appear from the postal acknowledgement receipts. On receipt of the notice Sripur Colliery filed the written statement, but the Colliery Mazdoor Union representing the workman neither appeared in the case nor filed written statement nor took any step whatsoever in the matter. In the circumstances, the matter is taken up to-day for ex-parte hearing. Even though the union is not entitled to be heard in this case in the absence of their appearance and written statement, yet both the parties were given registered notice about the date of ex-parte hearing. It appears that the management has appeared to-day on receipt of the registered notice but union is still absent.

3. In the written statement the case of the Sripur Colliery is that Bhola Nath Pandey was a loading clerk of grade II. He was given promotion to grade I as loading clerk. He has got the benefit of the higher grade as other workmen of similar position got. It is also stated that he is not doing any duty of any still higher office.

4. In support of the written statement Mr. Das appearing on behalf of Sripur Colliery has examined the Senior Personnel Officer of the said colliery. From him we get that Bhola Nath Pandey was a loading clerk, grade II and he was then promoted to grade I and we further get that he does not perform any work in respect of any grade higher than the clerical grade I. Mr. Das has submitted before me that at the conciliation proceedings the grievance of the workmen was that Bhola Nath should have been designated as Superintendent. However, the evidence shows that Bhola Nath has been promoted to clerical grade I and he has been performing his duties as such. He is, therefore, not entitled to get any other designation. I hold that after promotion Bhola Nath Pandey has been justly given proper designation, as clerk, Grade I, Bhola Nath cannot get any other designation after promotion.

5. The first part of the question mentioned in the Schedule above is decided in the affirmative and in favour of Sripur Colliery. Consequently, the workman in question is not entitled to any relief in this case.

This is my award.

R. BHATTACHARYA, Presiding Officer.

Dhanbad, dated the 19th December, 1980

## AWARD

By Order No. L-20012/248/77-D.III(A) dated the 20th September, 1978, the Central Government being of opinion that an industrial dispute existed between the employers in relation to the management of Salanpur Colliery of Messrs

Bharat Coking Coal Limited, Post Office Kattasgarh, District Dhanbad and then workmen, referred the dispute as mentioned in the schedule attached to the order for adjudication by this Tribunal. The schedule to the order reads thus

"Whether the action of the management of Salanpur Colliery of Messrs Bharat Coking Coal Limited, Post Office Kattasgarh, District Dhanbad, in dismissing Shri Binod Mondal, Cap Lamp Fitter, from service with effect from the 26th November, 1976 is justified? If not, to what relief is the said workman entitled?"

2. After notice to the parties they have filed their respective written statements and rejoinders. The dispute refers to an order of dismissal from service by the management of Sri Binod Mondal, Cap Lamp Fitter, with effect from 26-11-1976. Without mentioning in details the case made out by the parties in their respective written statements and rejoinders, the fact of the case as revealed from the pleadings and from evidence both of oral and documentary may be briefly stated thus. Sri Binod Mondal, Cap Lamp Fitter, was charged by charge sheet dated 6-2-1976 Ext. M 1 for having committed misconduct under clauses 18(i) sub-clause (9) and (F) of the Standing Orders applicable to the colliery in question and he was asked to show cause as to why disciplinary action should not be taken against him. The allegations in the charge were that the concerned workman after 2nd shift duty on 3-2-76 got a truck load of ROM coal through truck No. BW 7388 stolen away on the night of 3-2-76 from 8 Seam of Salanpur Colliery. The said truck was engaged in the colliery for transporting of coal and was being driven by Sri Sahid Mia. Sri Aswani Mahato was the khalasi of the truck. The said truck load of coal stolen from the colliery was sold for Rs. 300 to Sri Kishun Chandra Mandal of Kanke to which village the concerned workman belonged. This fact was revealed on 4-2-76 at 4.30 A.M. by the Driver and the Khalasi of the truck. The show-cause filed by the workman was one of denial and the same being found unsatisfactory by the management it held a domestic enquiry in which the concerned workman was found guilty. Upon this finding the management dismissed the concerned workman with effect from 26-11-1976. The concerned workman raised the dispute regarding the order of dismissal. The conciliation proceeding relating to the dispute having failed the Central Government referred the dispute for adjudication.

3. Before the Tribunal challenge was made on behalf of the union for the workman regarding the fairness of the domestic enquiry. So with consent of parties this question was taken up for consideration before going into the merit of the case and by order dated 27-8-80 the domestic enquiry has been found to be fair and proper.

4. In course of hearing of the case on merit the workman concerned only has examined himself. At the time of hearing on the preliminary question regarding fairness of the domestic enquiry the management examined the Enquiry Officer and proved certain documents including the report of the Enquiry Officer and other papers relating to the enquiry. Parties agree that the evidence of the Enquiry Officer and the documents proved by him as well as the evidence of the workman would be taken as evidence in the case. Therefore both parties have argued their respective cases on the evidence of the Enquiry Officer, on the evidence of the workman concerned and on the documents proved by the Enquiry Officer.

5. The only question for consideration is as to whether the concerned workman on the evidence led by the management before the Enquiry Officer could be said to have stolen away one truck load of ROM coal from 8 Seam in Salanpur Colliery on the alleged night of occurrence and to have sold the same to Sri Kishun Chandra Mandal of Kanke for Rs. 300. Several witnesses were examined in the domestic enquiry. The Driver of the Truck Sri Sahid Mia was only produced in the enquiry for cross-examination by the concerned workman on his (driver's) alleged written statement reduced to writing which is said to have been recorded on 4-2-76 at 4.30 P.M. immediately after the theft was detected. From the evidence led in the enquiry it appears that on Sri

Debendra Prasad, Office Clerk/Bill Clerk of Salanpur Colliery witness No. 4 in the enquiry got the statement of Sahid Mia reduced to writing. The evidence of this witness is to the effect that the statement he reduced to writing was a joint statement of both the driver and the khalasi. According to the witness he jointly recorded the joint statement under the signatures of the driver and the khalasi. Three copies of the statements were made by the witness and each copy was signed by both the driver and the khalasi. But curiously the written statement of the driver which was produced in the enquiry is not one of those three originals prepared by Sri Debendra Prasad. The Manager witness No. 1 in the enquiry says that the written statement of the driver produced in the enquiry is a mere copy, the original having been filed before the police. The manager does not say that all the three original statements were filed before the police. His evidence is to the effect that the statement of the driver reduced to writing has been filed before the police. This means as if there was only one statement of the driver reduced to writing and that that statement has been filed before the police. This is contrary to the evidence of Debendra Prasad whose evidence has to be given preference. It is, therefore, not understood what happened to the two other statements prepared by Debendra Prasad and signed by the driver and the khalasi. The driver who was produced for cross-examination along with the copy of his alleged written statement admits that the copy produced in his statement. Admittedly the statement to which the driver refers in the enquiry is a copy. The concerned workman did not cross-examine the driver on the plea that he was not examined in chief and the copy of the statement which had been filed in the enquiry was not the original and did not contain the signature of the driver in the police case which had been started relating to the occurrence of theft of the driver and khalasi have given their statements before the Magistrate as accused, certified copies of which have been filed in the case on behalf of the union. In these statements which are Exts. W-1 and W-2 both Sahid Mia and Aswani Mahato have denied to have committed any theft of coal on the night of occurrence and also have denied to have any connection with any alleged act of theft of coal on the night of occurrence. The evidence of the Manager, Asst. Manager and one Sri Birendra Kumar Singh witness No. 1 to 3 respectively before the enquiry reveals that immediately after the alleged date of occurrence both driver of the truck as well as its Khalasi were caught hold of by the members of the staff of the management, their hands were tied and they were taken to the office room of the colliery where their alleged joint statement was reduced to writing. The copy of the statement which was filed in the enquiry of course shows as if the driver while giving the statement admitted that being advised by the concerned workman he carried a truck load of coal in his truck from the colliery to Kanke where it was sold for Rs. 300 to Sri Kishun Mandal. First of all the statement even if accepted to be true cannot be said to be a voluntary statement of either the driver or the khalasi because the statement as appears from the evidence before the enquiry was taken from them while they were under arrest. The written complaint which was filed by witness No. 3 Sri Birendra Kumar Singh before the Manager witness No. 1 immediately after the occurrence shows that both the driver and khalasi were arrested and thereafter a written statement was taken from them under their signatures. As has been stated earlier even though there were three originals of the alleged statement reduced to writing given by the driver and khalasi not even one was produced before the enquiry. It is nobody's case that all the three originals were handed over to the police. At the cost of repetition it may be said here once again that according to the evidence of the manager one original only was handed over to the police. In these circumstances it is very difficult to act upon the copy of the statement of the driver which was filed by the management in the enquiry merely because the driver was cross-examined by the concerned workman and because the driver admitted that he had given a statement as appeared in the copy. That that it has to be remembered that both the driver and khalasi who are co-accused with the concerned workman in the police case have resiled from their original statements reduced to writing by the management immediately after the occurrence. If the statement of the driver reduced to writing is taken out of consideration there is practically no other evidence to prove the concerned workman in the alleged act of theft. The copy of the statement of the driver even if accepted to be the true copy of the original it cannot be said to

be a voluntary statement of the driver, the same having been taken from him as pointed above when he was under arrest by the members of the staff of the management and when his hands were tied. Further as stated earlier the driver as appears from Ext. W-1 the statement given by him before the Magistrate in the Criminal case does not stick to his earlier statement reduced to writing by witness No. 4 Debenara Prasad in the enquiry. It is also the case of the management that immediately after a report was made to the manager about the theft the manager, Asstt. Manager both caught hold of the truck, its driver and its khalasi got the statement of driver and khalasi reduced to writing and thereafter proceeded to village Kanke where coal stolen was unloaded. Evidence of the Asstt. Manager as recorded in the enquiry goes to show that at the place of unloading in the presence of the driver and the khalasi the manager sent for the concerned workman who came to the place of unloading and that in the presence of the concerned workman the driver again expressed that he had brought truck load of coal to that place as desired by the concerned workman who had promised to pay Rs. 300. This evidence of the Asstt. Manager is not supported by the evidence of the Manager who is suet about this confrontation. The circumstance which has weighed with the Enquiry officer is that on a night prior to the night of occurrence the concerned workman had gone to a place other than his place of duty in the colliery at about 12 midnight. On being questioned the concerned workman told that he had come there to accompany Mr. Tiwary to village Kanke. It appears from the evidence that by the time the concerned workman had gone to that place to accompany Mr. Tiwary, Mr. Tiwary had finished his duty and had left for his village Kanke. It further appears from the evidence that on being questioned Sri Tiwary subsequently said that no occasion he was accompanying the concerned workman while leaving the colliery after duty hours to village Kanke. From this the management contended before enquiry that the aforesaid conduct of the concerned workman was suspicious and must be taken as a circumstance against the workman. The enquiry officer accepted this contention of the management relied upon the said conduct of the workman as a circumstance against him. On account of this it is sought to be argued before the Tribunal that the concerned workman had gone on a false plea to a place other than his place of duty on a night previous to the night when occurrence took place and that the real purpose was to make arrangement for transport of the truck load of coal to be removed surreptitiously from the colliery on the night of occurrence. In my view even if it is accepted that the concerned workman on a night previous to the night of occurrence had gone to another place in the colliery that itself can not be taken as a circumstance against him. There is some evidence that the concerned workman was in the truck in question while it was going on the road towards village Kanke with ROM coal the subject-matter of theft. This evidence in my opinion is not sufficient enough to lead to a conclusion that the concerned workman was himself taking the coal in the truck. That apart it is doubtful if at dead of night a person on the road would recognise the concerned workman while he is moving in a truck. Of course the written statement of the driver which is relied upon by the management shows that the concerned workman was in the truck while the truck was proceeding with coal towards village Kanke. I have already held that the written statement of the driver cannot be relied as a true voluntary statement of the man. I have also given reasons for this conclusion. So if that is excluded the oral evidence of some of the management's witnesses in the enquiry saying that the concerned workman was going on the truck cannot be accepted as it is not possible to recognise the concerned workman in the truck which was moving with a speed at the dead of night. Lastly it must be said that the statement of the driver reduced to writing in the colliery office is a statement of a co-accused and such a statement cannot be acted upon against the concerned workman without sufficient corroboration. Regarding corroboration in my view there is absolutely nothing in the evidence led by the management to support the statement of the driver except the only feeble evidence of one witness that he saw the concerned workman inside the truck while it was carrying coal and was going towards village Kanke. I have already said that the evidence of this witness is very difficult to believe. On reappraisal of entire evidence led by the management before the Enquiry Officer I have no hesitation in my mind to say that the finding arrived at the enquiry against the concerned workman is not justified there being practically no evidence worth the name to support the finding. If the

written statement of the driver is thrown out there is practically no other evidence on the basis of which one can find the concerned workman guilty of the charge. So far as the statement of driver is concerned for the reasons given by me above the same cannot be relied upon at all. The result, therefore, is that the order of dismissal from service of the concerned workman dismissing him from service with effect from 26-11-1976 is not justified and the concerned workman is entitled to reinstatement with full back wages. Parties to bear their own costs.

2. The workmen named in Annexure I claimed that they are employees of excavation section of Bokaro colliery ever since the date of their appointment. According to them they have been wrongly designated by the management as mazdoor though they are engaged in workshop in running repair of dumpers, Bull Dozers, shovels, cranes, Heavy and vehicles, Auto Electrical works, parts assembling and machine reparings along with the mechanics, fitters and electricians and they have been fitted in the scale of Group 'E' Excavation works as mentioned in National Coal Wage Agreement. Their prayer is to place them in Group 'E' of the excavation works with designation as helpers w.e.f. 1-1-1975 and to give them all the benefits admissible to them.

3. The management in their show cause have pleaded that the reference was not maintainable as it has been sponsored by Akhil Bhartiya Shoshit Mazdoor Sangh which is neither a recognised union nor having following in the colliery. According to the management Rastriya Colliery Mazdoor Sangh, State Colliery Mazdoor Union are recognised unions in the colliery, and United Coal Workers Union has also a suitable following in the colliery. With regard to the facts of this case on which the reference has been made, the plea taken by the management is that in the excavation section their counterparts in non-excavation section. In category and II in the excavation section are to be dealt with like which is worked through heavy earth moving machinery such as dumpers, excavators, dozers, drills, cranes, grader etc. With regard to the workmen employed on operation, repair and maintenance of heavy earth moving machines, there was an award of the Central Government Industrial Tribunal, Dhanbad dated 29-12-60 in Reference No. 57/59. The tribunal laid down elaborate job description for different category of workers. Subsequently the Central Wage Board for Coal Industry also retained these job descriptions, but introduced a revised pay scale for these workers. The job descriptions have been reproduced in Appendix VII of Wage Board Report, Vol. II. In terms of para 16 of Section B of Chapter VIII of Wage Board report, mazdoor category I and II in the excavation section are to be dealt with like their counterparts in on-excavation section. In category I there are fitter mazdoors who carry tools or materials. In category II there are fitter helpers who have experience as fitter mazdoor and can do elementary fitting work. But Group 'E' workmen in the excavation section is described as greaser/helper with the following job descriptions :-

"A semi-skilled workman with four years' experience in the greasing and lubricating various kinds of excavating equipment. He must be literate and should distinguish various kinds of lubricants and grease. He should operate power lubricating and greasing

equipment besides the hand operated equipment. He should be able to read maintenance charts."

4 The case of the management further is that Bokaro colliery has 29 dumpers, six excavators, 1 crane, 1 grader and 4 drills. Usually 50 per cent of the equipment is in use and the rest are under repairs. The number of EP helpers and greaser is 54 which in itself is stated to be a little more than the actual requirement. The management's case is that if these 131 workmen are to be put in the category of EP helper/greaser, the number will swell without any control. On the above plea the management has prayed for dismissal of this reference.

5 At the time of hearing Shri T P Choudhury, Advocate representing the management has not laid too much stress on the question as to whether this reference is maintainable. It is true that Shoshit Mazdoor Sangh happens to be a political organisation in this State and the recognised unions have not sponsored their case. But the number of workmen in this case is 131 which is sufficiently a large number and their union, although is not recognised can be said to have enough following. Shri T P Choudhury has rightly given up the plea of maintainability of this reference. I, therefore, hold that this reference is maintainable.

6. On behalf of the workmen only oral evidence has been led. WW1 is Shri Dilu Sao. His evidence is that he has been working in Bokaro colliery as excavation helper since 1972 but he has been receiving the wages of a mazdoor. Similarly his co-workers are getting wages of mazdoors. He has said that the concerned workmen should be paid the wages of Group E. WW1 is illiterate and has put his thumb impression on his deposition. Similar is the evidence of WW2. Shri Ram Kishun Mallah who is also illiterate and has put his thumb impression on his deposition. WW3 is Shri Deb Narayan Choudhury joined Bokaro colliery in 1975. He works with the auto electricians and gets his wages of category I. In the cross-examination he has said that he has read note IX standard. He has said that there are about 50 helpers in the excavation side and the rest are mazdoors. He has further said that from the categories of mazdoor helpers are appointed when the vacancy occurs. WW4 Shri Sarjoo Mahato has said that since 1975 he has been working as helper with the fitter mechanic. He has also read into class IX and has taken training as mechanic at Burkunda. WW5 Shri Gonal Thakur has also been working since 1975. In his cross examination he has said that he has not taken any training in the electricity although he works in the auto-electrical side. WW6 Shri Tekchand Mahto is an illiterate. He has said that he cannot specifically tell the type of work which the helper has to perform. Similarly Shri Lachhu Nonia, WW-7 is also illiterate.

7 On behalf of the management Shri A S Ahmed Sr. Executive Engineer of Bokaro colliery has been examined as WW1. He has been Senior Executive Engineer since August, 1975. His evidence is that in the excavation department the overburden is removed through mechanised means and about 40 per cent of coal is also raised by mechanised means. He has given the details of the equipments which are operated by the excavation side. For the machines in operation he has got heavy repairs gangs, shift repair gangs and gangs for periodical maintenance. He says that he has also got some gangs for checkings. There is a workshop near the quarries. Maintenance shift starts from 7 A.M. and closes at 9.30 P.M. The maintenance gangs are located in the workshop. The operational shift starts from 5 A.M. to 1.30 P.M. and again from 3 P.M. to 11.30 P.M. In the field of repairs and maintenance he has got gangs from 7.00 P.M. to 3.30 P.M. and from 3 P.M. to 11.30 P.M. Each equipment has its own gang. Generally for the heavy skilled job there is a senior mechanic and a fitter grade III and 1/2 unskilled men to assist them. For the lesser skilled there is a mechanic grade II or grade III and one helper with 1/2 unskilled men. His evidence is that on the maintenance side there are more helpers since the job involves greasing of equipment and changing of oil. But according to him the number of helpers is in excess of the equipment available in the excavation section. He proved a list, Ext M1 which gives the list of all the workmen on the excavation side. His evidence is that not one of the concerned workmen knows the work of EP helper. Unskilled mazdoors

are not competent to do any of the job prescribed for the EP helpers nor can they read the charts.

8 The show cause of the union representing the concerned workmen and the evidence of the witnesses for the workmen will go to show that they are claiming to be EP helpers in Group 'F' by virtue of the fact that they are in the excavation section. It is a fact that Group 'E' is the lowest category of skilled workers in the excavation section. The concerned workmen are claiming to be put in Group 'F' for the reason that they are in the lowest of the category of workers on the excavation side. But Mr Nag representing the workmen in this reference has conceded this fact that on the excavation side the National Coal Wage Agreement has accepted the presence of a category I & II mazdoors on the excavation side. Moreover, none of the workmen mentioned in Annexure I fulfill the requirement of EP helper. Mr. Nag has conceded that the concerned workmen have no case for being placed in Group 'E' of the Coal Wage Agreement. He has submitted before me that the persons mentioned in Annexure I are getting category I mazdoor for a pretty long time and they should be placed in category II. The management refuted even this contention by pointing out that a large number of persons mentioned in Annexure I have already been placed in category II according to the seniority and ability. This chart has been placed on the record of this case showing a considerable number of category I mazdoors have been promoted in category II. In fact 8 of the concerned workmen have been promoted as EP helpers in the year 1978. The management has from time to time considered their suitability and promoted them either in category II or in Group 'E'. The management has its own scheme of selection for promotion from lower category to higher category. Group 'F' is the lowest of the skilled staff and from unskilled staff vacancies in Group 'F' has to be filled up only from among the workers who have gained considerable experience of skill. This has been done as shown by the chart presented before me by the management. This chart has not been challenged by Mr Nag. I have already said that Mr Nag in view of the evidence for the management has admitted that the concerned workmen have no claim to be placed in group 'E'. I think this is enough to answer the reference in the negative.

9 I, accordingly hold that the demand of the workmen of Bokaro colliery of Central Coalfields Limited, Post office Bermo (Sunday Bazar), District Giridih for designating the workmen mentioned in Annexure I as helpers and placing them in Group 'F' of National Coal Wage Agreement is not justified. Consequently, the workmen are entitled to no relief. This is my award.

## AWARD

This is a reference under S.10 of the I.D. Act, 1947. The Central Government by its notification No. L-200/2/27/79-D.III(A) dated 28th June, 1979 has referred this dispute to this Tribunal for adjudication on the following terms :

## SCHEDULE

"Whether the action of the management of Bokaro Colliery of Central Coalfields Limited, Post office Sunday Bazar (Hermo) District Giridih in retiring Shri Khaita Mahto, trammer and Shrimati Sukwara, Coal loader with effect from 3rd September, 1978 and 12th December, 1977 respectively is justified? If not, to what relief are the said workman entitled?"

2. The concerned workmen are represented by Colliery Karmachari Sangh which has raised this dispute. One of the workmen, Shri Khaita Mahto a trammer and the other Shrimati Sukwara is a coal loader in Bokaro colliery of Central Coalfields Limited. Shri Khaita Mahto retired from service w.e.f. 3rd September, 1978 and Shrimati Sukwara from 12th December, 1977. According to the workmen the date of birth of Shri Khaita Mahto is 8-5-1922 and therefore he was liable to be superannuated on 7-5-1982. Similarly, the date of birth of Shrimati Sukwara is 18-10-1933 and she was liable to be superannuated on 17-10-1993. Their grievance is that they were retired much before the date of retirement and most arbitrarily by the management. They have also alleged victimisation. According to them they are physically, mentally and bodily to carry on their normal duties. They have claimed reinstatement from the date of their retirement and also back wages and other benefits.

3. The management alleged that Colliery Karmachari Sangh has no following in the colliery and therefore the reference should be deemed to be incompetent and without jurisdiction. So far as Shri Khaita Mahto is concerned the case of the management is that the record of the employer did not show any date of birth of Shri Khaita Mahto. His date of birth was also not available in the C.M.P.F. records. According to the settlement arrived at between the management and the two unions viz. United Coal Workers Union and Koyala Mazdoor Union certain procedures were to be followed in all these cases where no date of birth was recorded in the service records of a workman. In case the service records of an employee did not indicate date of birth, the date of birth as recorded for the purposes in C.M.P.F. records should be taken as final. But if there was no date of birth even for the C.M.P.F. and where an employee is not a member of C.M.P.F. the age of the employee would be determined by the Age Committee consisting of Project Officer, Medical Officer and Labour Welfare Officer, Shri Khaita Mahto accordingly was directed to appear before the Age Committee which he did on 28-7-1978. The Age Committee assessed his age as over 60 years on that date. Moreover, he was found medically unfit due to old age, defective vision and hypertension. The finding of the Medical Board was explained to Shri Khaita Mahto who accepted the same and put his thumb impressions on the medical report. At the time of industrial dispute, however, Shri Khaita Mahto relied upon the identity card issued to him by the management in which his date of birth was shown as May, 1922. The management's case is that the identity card was issued for the purpose of identification at the time of payment of wages to stop impersonation which was common prior to the introduction of the system of identity cards. These identity cards were also useful in checking genuineness of a worker going

inside the mine. The Labour Welfare Officer and the colliery manager put their signatures on the photograph, and no other entry in the identity card is actually verified. According to the management, therefore, the entry of date of birth of Shri Khaita Mahto as May, 1922 was a mistake of some office staff for which the case of the management cannot be allowed to suffer.

4. With regard to Shrimati Sukwara the management has alleged that on 11-10-77 the Assistant Manager found that she was extremely frail in health. From the safety point of view it was not desirable that she should continue to work as it might danger her life and the lives of others employed in the mine. She was therefore immediately advised to appear before the medical officer in-charge of the colliery hospital for medical check up. Shrimati Sukwara accordingly appeared before the medical officer on 12-12-77. The medical officer examined her and found her unfit for further service. His opinion was that she had developed senility, gross visual defects and hypertension. He also determined her age to be over 60 years as on 12-12-77. The management contended that the date of birth of Shrimati Sukwara as noted in the wage sheet was 15-10-33 which was obviously wrong. According to the management it was put by guess and was obviously wrong.

5. It will appear from the case of the management that so far as Shri Khaita Mahto is concerned the management has gone by the report of the Age Committee. We have before us the Age Committee report, Ext. M1. It has been signed by the Medical officer in-charge, Senior Personnel Officer and the Dy. C.M.E. It also shows that Shri Khaita Mahto accepted the assessment of his age and other particulars after it was explained by the Age Committee to him. The special remark shows that Shri Khaita Mahto was unfit due to old age, hypertension and defective vision. The record of blood pressure shows 180/100. The vision is 6/24 in the right eye and 6/36 in the left eye. MW.1 Shri A.R. Banerjee, the Senior Medical Officer says that normal vision for working in the mine is 6/6 in both eyes. Shri Khaita Mahto has been examined as WW.1. His evidence is that he has been suffering from cataract for the past 4/5 years. There is nothing to doubt the medical opinion on the question of hypertension and defective vision since Khaita Mahto has to work underground. Now turning to the question of his age the workman has said that he has worked in the colliery for the last 28 years and that he was fully grown up when he got appointment in the colliery. He has further said that he could not give an idea about his age at the time of his appointment. He has admittedly no horoscope or any other evidence of his age except the identity card issued to him by the management. He has admitted that identity card was issued to him and other workers by the present management so that wages could be paid to the proper persons. According to the settlement between the labour union and the management the findings of the Age Committee could be challenged in appeal. The witness has said that he did not appeal against the order of superannuation. Now, the only document on which Shri Khaita Mahto could rely upon is the identity card, Ext. W.1. It shows the date of birth to be 8-5-1922. Shri Khaita Mahto did not give any particulars of his age on the date of his appointment. It has not been shown by the workman from C.M.P.F. records as to what has been the age recorded there. It is therefore clear that while issuing the identity card 8-5-22 as the date of birth has been mentioned by guess alone. The Age Committee on his physical appearance and the general condition of his health came to the conclusion that he had crossed the age of 60 years and was medically unfit to continue on with his service. I have no reason to disbelieve the finding of the Age Committee and it is not possible to accept the age as given in the identity card.

6 Now let us take up the case of Shrimati Sukwara. The management has accepted that in the service record of Smt. Sukwara 15-10-33 has been mentioned as the date of birth. Smt. Sukwara was examined by the Senior Medical Officer, Shri A.M. Banerjee (MW-1). According to the finding of the medical officer she was old with poor health and tremor (nodding of head). Her blood pressure was 160/90. Vision in the right eye was 6/36 and in the left eye 6/24. In the medical opinion she was unfit for service due to senility, gross visual defect and hypertension. The medical officer assessed her age on 12-12-77 to be above 60 years. Smt.

Sukwara has not come to depose in this case. No paper has been filed in support of the age as mentioned in the service record. But this much is sure that the doctor estimated her age on seeing the poor condition of her health which render her unfit for service in the colliery. Now even if it be assumed that according to the service record she was still some more years to put in service, she got prematurely retired on ground of health. I may mention that there had been no age of retirement in the coalfields, but by virtue of settlement between the labour unions and the management the age of 60 years was taken to be the age of retirement. The coal mine has no system of pension and so the question of reduced pension by virtue of premature retirement does not arise. The age of retirement so fixed by settlement in the coal mining industry will give a right to a workman to continue in service till the age of 60, but only subject to medical fitness. In the case of Smt Sukwara and Shri Khaita Mahto they were made both medically unfit and not able to carry on their normal duties without endangering their own lives and the lives of other co-workers.

7 Thus having considered all aspects of the case, I have to hold that the action of the management of Bokaro Colliery of Central Coalfields Limited, Post office Sunday Bazar (Berma) District Giridih in retiring Shri Khaita Mahto, Trammer and Shrimati Sukwara, Coal Loader with effect from 3rd September, 1978 and 13th December, 1977, respectively is justified. Consequently, the workmen are entitled to no relief.

This is my award.

#### **AWARD**

The Government of India in the Ministry of Labour in exercise of the powers conferred on it by Clause 10(I)(d) of the Industrial Disputes Act, 1947, has referred the following industrial dispute to this Tribunal for adjudication vide Order No L-22011(8)/79-D IV(B) Dated 7th February, 1980 —

"Whether the action of the management of Burhar Sub-Area of Western Coalfields Limited in not regularising Shri Uma Singh as Clerk for working as Store Keeper at Amlai Colliery Hospital since 1974 is justified. If not to what relief is the concerned workman entitled?"

2 The case of the Union in short is that Shri Uma Singh, the concerned workman, was appointed as a Ward Boy on 1st

December, 1972. Shri Shailender Kumar Sharma, Gore Lal Posika and Ram Milan were also appointed as Ward Boys in 1974. The other three workmen were promoted by the opposite party in the year 1976. But Shri Uma Singh was not promoted due to the discriminatory policy of the management. Shri Uma Singh is actually working as Store Keeper in Amlai Colliery Hospital from August 1, 1977, but his designation has not been changed by the management and he has not been promoted as a Store Keeper. He has also not been paid the wages of Store Keeper. Therefore the workman be ordered to be promoted on the post of Store Keeper [Clerk with difference of back wages].

3 The management has resisted the claim of the union on the ground that the reference presupposes that Shri Uma Singh is working as Store Keeper in the Colliery. Whereas in fact there is no store at all in the Colliery hospital and the question of his working as Store Keeper does not arise. According to the management, Shri Uma Singh, was initially appointed as a Ward Boy in the year 1972 and was posted in Amlai Dispensary. Since then he has all along been working as a Ward Boy. The management gives training to the employees to improve their job prospects. Taking advantage of this facility those employees who learn something and farewell at the departmental test and the D.P.C. are promoted to higher grades. The following are the norms for promotion to the clerical grade —

- 1 That there should be existence of vacancies in the grade where a person is considered for the post
- 2 Candidate should be matriculate
- 3 He should have completed three years of service in the lower grade and should have experience of the job
- 4 Seniority-cum-merit subject to the fitness for the job along with good C.R. for three years

4 Shri Uma Singh is not a matriculate still he was given a chance to appear before the D.P.C. as a clerk in the year 1978 and 1979. But he was not found fit by the D.P.C. for the clerical post. Promotion of an employee being purely a managerial function, it cannot be interfered with. The management tried to help Shri Uma Singh and he was given a chance to appear before the D.P.C. but he was not found fit for the job of clerk. Hence he was not promoted.

5 The first question which arises for determination in the case is whether Shri Uma Singh is an employee of the mine.

It is not disputed before me that Shri Uma Singh is working in the Colliery dispensary as a Ward Boy and he does not actually work underground in the mine. But the work of Shri Uma Singh is ancillary and connected with the mining operation because according to Sec. 21 of the Mines Act 1952 medical appliances have to be provided by the mine owners to be readily accessible during all working hours. In a mine where more than 150 persons are employed, a first aid room has to be provided and maintained by the management with necessary equipments with medical and nursing staff as may be provided. Mine and Mineral Rules 1955 provide for the first aid and medical appliances, Rules 43 of the Mines Rules 1955 provides for the requirement of the minimum staff for the first-aid room and the proviso to sub-rule (4) of Rule 43 further provides that where in a mine adequately equipped hospital or dispensary is maintained, the provisions of the rules shall be deemed to have been complied with.

6 The dispensary is maintained by the mine in compliance of the Rules 40 to 43 of the Mines Rules, 1955 and the provisions of the Mines Act. As such, running a dispensary for the mine workers and maintaining staff in that dispensary is a mandatory requirement of the Mines Act and Mines Rules, without the compliance of which, a mine cannot operate. Therefore a dispensary being a mandatory requirement under the law for the operation of the mine, the workers of the dispensary are connected with the mining operation and therefore they are the workers of the mine, as defined in the Mines Act. Therefore Shri Uma Singh is held to be a worker of the mine and as such in case of an industrial dispute between the workmen and the employers the Central Government is the appropriate Government in view of Sec. 2(a) (i) of the Industrial Disputes Act.

7. The next point which arises for consideration is whether Shri Uma Singh actually worked as a Store Keeper at Amlai Colliery Hospital since 1974?

In support of the claim of the Union, the concerned workman, Shri Uma Singh, has been examined, who states that since 4-10-1976 he is working as a Store Clerk at the Amlai Colliery Hospital, although he was posted as a Ward Boy, but there was no post of Store Clerk. He was asked by the Senior Medical Officer of the Colliery, Dr. V. K. Tiwari, to work as a Store Clerk. He used to make all the entries in the Store Register and used to issue the medicines. He states that the entries in the stock register of the year 1979 are in his hand writing. He has proved the photo stat copies of one of the documents Ex. W/1, and also the specimen of his entries in Ex. W/2, Ex. W/3 and Ex. W/4 which according to him are the Daily Issue Register and Stock Register. Ex. W/5 is the carbon copy of the indent where he has signed as Store Keeper.

In cross-examination, this witness states that although he had received no written orders to work as a Store Keeper still he worked as a Store Keeper and it is wrong to say that there is no post of Store Keeper at the Amlai hospital. He further states that as the Store Keeper is not supposed to sign the stock register, he had not signed the stock register. The Stock Register bears the signature of Shri K. T. Mathew, Compounder, but they were made by him after the dispute was raised. He also states that the Issue Register is also not signed by him because he was not authorised to sign the Issue Register.

8. In rebuttal the management has examined Dr. V. K. Tiwari, the Senior Medical Officer, and Shri K. T. Mathew, Compounder of the Amlai Dispensary. Shri Tiwari states that Shri Uma Singh was a Ward Boy in the Dispensary under him. As there is no hospital at Amlai and no indoor facility, there is no separate store in the Dispensary. The Dispensary is dependent on the Burhar Central Hospital. Shri Uma Singh was working as a Ward Boy all through. He was never asked to work as a Store Keeper or the Store Issue Clerk. Shri Uma Singh was twice considered by the D. P. C. for promotion but the D.P.C. did not find him fit. Therefore he was not promoted to the post of clerk. In cross-examination this witness states that they send the indent for the medicines to the Burhar Central Hospital on the basis of their requirements on weekly or monthly basis. The medicines are kept in the partition which is meant for dispensary, and are issued to the patients according to the prescriptions. On Ex. W/5 Shri Uma Singh had signed at the place where the Store Keeper is printed. But he has not signed as a Store Keeper. The book was not meant for dispensary of Amlai but for Burhar Central Hospital. Therefore the Store Keeper is printed on this. As the dispensary does not have a separate register, the register of Burhar Colliery Hospital is used. The register from which Ex. W/5 is extracted contained about 500 pages and was written and signed by the Compounder.

9. The other witness of the management, Shri K. T. Mathew, Compounder of the dispensary, has produced all the registers marked as Article A, B & C, the extracts of which have been filed by the concerned workman, Shri Uma Singh. He states that some of the entries in the registers are in the handwriting of Shri Uma Singh, but most of them are in the handwriting of this witness. He further states that he signs the register. Shri Uma Singh all through was working as a Ward Boy. His work was to give the medicines to patients and to serve them. If and when he was free he was asked to fill the register also. But it is the responsibility of this witness to maintain registers regularly. There is no store in the dispensary. The store is in the Central Hospital and this witness keeps the accounts of the medicines issued by the Central Hospital to the dispensary.

In cross-examination, this witness has stated that he is doing the job of maintaining the Stock Register since 1974. There was no Store Keeper to maintain the register. In Article A all the entries except for the month of January, March, half of May and August, Shri Uma Singh has filled the entries of issues based on the list which this witness prepared in Article B. Shri Uma Singh copied the Receipt Register Article B which is written by this witness. All the receipt entries in Register Article A for all the months except for the months of July and September are filled by this witness. Article C is the Daily Issue Abstract for the period from 1st September 1977 to 31st

March, 1978. Except for the month of November all the entries in Article C are in the handwriting of this witness. He states that he still maintains the register.

10. From the aforesaid evidence of the parties it is clear that although Shri Uma Singh states that he was working as a Store Keeper at the Amlai Dispensary still the statements of Dr. Tiwari and Compounder Shri Mathew go to show that there is no Store at the Amlai Colliery Dispensary. The Store is at the Burhar Central Hospital from where the medicines are issued according to the requirements of the dispensary and they are kept in the dispensing partition from where they are issued to the patients. The statements of the witnesses of the management find support from this fact that there is no register for purchase of the medicines from the market or documents showing that a regular store is maintained at the dispensary. The Registers Article A, B & C clearly go to show that the account of the medicines received from the Central Hospital is kept at the dispensary and accounts of the issuance of the medicines is also kept. Receipt and the issuance of the medicines is the responsibility of the Compounder. He maintains those registers. Shri Uma Singh has stated that Shri Mathew signed the registers after the reference was made to this Tribunal, but that statement of Shri Uma Singh cannot be held to be reliable for the simple reason that when the Register is maintained it has to be signed by some persons responsible for maintaining it and it cannot be believed that although a register is regularly maintained it will not be signed by a responsible person. Therefore the statement of Shri Mathew that he signed the registers because he was responsible for maintaining the account of the receipt and issuance of the medicines is reliable. Shri Mathew has also stated that Shri Uma Singh only copied the entries in register Article A from Register Article B. He did so to help the Compounder in his free time. The statement was given by Shri Mathew pointing at the registers which were before the Tribunal at the time of his statement and the Union representative could not demonstrate, by confronting him by the record that he was telling a lie. Therefore the statement of Shri Mathew on this point is also reliable. The signatures of Shri Uma Singh on Ex. W/5 have also been explained by Dr. Tiwari who states that Shri Uma Singh had signed on the form of indent used by the Dispensary but actually that form is meant for Burhar Central Hospital.

11. In view of the aforesaid evidence, I am of the view that there was no post of Store Keeper or Store Issue Clerk at the Amlai Colliery Dispensary and therefore Shri Uma Singh did not perform, either of the job of the Store Keeper or the Store Issue Clerk. He was all through working as a Ward Boy and if he helped the Compounder Shri Mathew in copying the entries or making some entries in the receipt or issue registers it cannot be said that he was regularly performing the duty of a Store Clerk or Store Issue Clerk. Therefore Shri Uma Singh cannot claim regularisation as a Clerk on the basis of working as a Store Keeper or Store Issue Clerk. It is also not proved that he shouldered and higher responsibility. Therefore he is not entitled to any difference of wages.

12. The next point which has to be decided is whether Shri Uma Singh was wrongly denied promotion to the post of clerk.

On this point, Shri Uma Singh has not made any statement to show that the persons junior to him were promoted and in spite of good record, seniority and merit he was denied the promotion. As against this the witness of the management Dr. Tiwari has stated that Shri Uma Singh was considered twice by the D.P.C. for promotion to the post of Clerk but he was not found fit.

Promotion is ordinarily a management function and unless it is proved that the promotion was refused to a workman on the basis of malafide, victimization or any unfair labour practice, the Court cannot interfere in the managerial function of the management in the matter of promotion. *Hindustan Lever Ltd. Vs. Workmen* (AIR 1974 SC 17); *Brook Bond India (P) Ltd. Vs. Workmen* (AIR 1966 SC 668) are the authorities on this point. There is nothing on the record to show that the management refused the promotion to Shri Uma Singh due to some malafide, victimization or

has resorted to any unfair labour practice in not promoting Shri Uma Singh. Therefore the claim for promotion of Shri Uma Singh is also not substantiated before the Tribunal.

13. In the result, it is held that the action of the management of Burhar Sub-Area, Western Coalfields Limited in not regularising Shri Uma Singh as a Clerk is justified and the concerned workman is not entitled to any relief. Parties to bear their own costs as incurred.

The workman represented by Bihar Colliery Kamgar Union and the employer of Kessurgarh Colliery of Barora Area of Messrs. Bharat Coking Coal Limited, P. O. Nawagarh, Dist. Dhanbad entered into an Arbitration Agreement dated 19-2-80 which was published in the Gazette of India Part II Section 3 Sub-section (ii) vide Notification No. L-20013(3)(80-D II(A) of the Ministry of Labour, referred the following dispute to my Arbitration :

The parties thereupon were asked to file written statements and the Arbitration Proceedings were held on 26-5-80, 9-6-80, 23-6-80, 24-7-80, 31-7-80, 12-8-80, 18-8-80, 4-10-80, 4-11-80 and finally on 12-12-80. The parties may mutual agreement extended the period of giving the Award upto 30-12-80.

Though, the workmen represented by Bihar Colliery Kamgar Union were parties to the arbitration agreement, management in their written statement stated that some workmen who had been taken on rolls as per settlement with the Bihar Colliery Kamgar Union on 1-6-78, were not actual workmen and should not have been taken on roll but were imposters and a complaint to this effect had been received from the Rashtriya Colliery Mazdoor Sangh. Hence, the workmen represented by Rashtriya Colliery Mazdoor Sangh were also made a party in the Arbitration Proceedings. However, during this period both the parties found that even the workmen who were considered not genuine according to settlement dated 1-6-78, became entitled for casual employment according to subsequent Circular issued by the management, having put in a few attendances during the period from 1973 to 1976. Accordingly, both the parties entered into a Mutual Settlement and filed the same before me, praying for an Award to be given in terms of the settlement

The Mutual Settlement dated 29-11-1980 is found by me as fair and reasonable and it, in general, amicably settles the dispute. Hence, I hereby give my Award in terms of the settlement reproduced below as Annexure—'A'.

**Short Recapit of the Case**

Pursuant to an amicable settlement arrived at between the workmen represented by BCKU and the management of BCKU on 1st June 78, 97 casual workmen were taken in employment at Kessurgarh Colliery. Subsequently it transpired that S/Shri Ram Das B.P., Gulab Singh B.P., Smt. Amlwa Kamin, Jagdish Rabidas, Parvatia Kamin, Muniram B.P., Smt. Pilli Bai, Smt. Suhawan Kamin, Smt. Robni Kamin have fraudulantly entered into employment in the name of whose names have found place in the agreement. As soon as the matter came to the notice of the management the workmen who were reported to have fraudulantly employed were stopped from work. BCKU however, maintained that the workmen who have joined in pursuant of the settlement dated 1st June '78 were genuine workmen of Kessurgarh Colliery. On scrutiny it was however, found that S/Shri Ram Das B.P., Gulab Singh BP, Smt. Amlwa Kamin, Jagdish Rabidas, Parvatia Kamin, Muniram BP, Pilli Bai, Suhawan Kamin, Robni Dhoabin had entered into employment surreptitiously and they were not genuine workmen as referred to in the settlement dated 1st June '78. Subsequently, however, the norms for taking casual employees into employment were reduced vide

circular No. GM(P)IRII/51694-760 dated 20/21 December 78 issued by the General Manager (Pers.), on scrutiny it was found that out of 9 workers, 5 workers who have put in requisite attendance are entitled for casual employment. After prolonged discussions, it was agreed to resolve the dispute in the following terms :

#### Terms of Settlement

1. Out of the 18 workmen Shri Patiram B. P. and 8 others are already working in the colliery. As regards Shri Rabidas BP and 8 other workmen, parties agreed that they are entitled for casual employment, as they have put in a few attendances during the period from 1973 to 1976, as per records maintained by the management.
2. Shri Jagdish Rabidas and Smt. Parvati Kamin have already been provided with casual employment, Shri Gulab Singh BP is dead. Out of remaining 6 workmen, S/Smt. Amlwa Kamin, Pilli Bai, Suhawan Kamin, Robni Dhabin (correct name is Robni Dhubni) and Shri Muniram B. P. shall be provided casual employment immediately.
3. It has been found on enquiry that an imposter by name Shri Prahlaad BP has been working in the name of Shri Patiram BP. The genuine Patiram BP who was to be given employment as per settlement with BCKU, shall be provided with casual employment immediately.

#### AWARD

By Order No. L-20012/177/75-D.IIIA, dated the 5th March, 1976, the Central Government being of opinion that an industrial dispute exists between the employers in relation to the management of Ganheedih Colliery of M/s. Bharat Coking Coal Limited, Dhanbad and their workmen in respect of the matter specified in the schedule attached to the order, have referred the same to this Tribunal for adjudication. The schedule to the order reads thus :

"Whether the action of the management of Ganheedih Colliery of M/s. Bharat Coking Coal Ltd., P. O. Jharia, Dist. Dhanbad in dismissing the services of Shri Jogeshwar Singh, Bill Clerk with effect from 4th July, 1975 is justified ? If not, to what relief the workman is entitled ?"

2. The case of the management as revealed from its written statement and evidence is as follows. The concerned workman was charged for acts of mis-conduct under clause 29(2) and 29(9) of the certified Standing Orders of the company by chargesheet Ext. M-1 on the allegation that he was preparing wagesheets on the basis of munshi's reports, that in course of his duty he prepared on the basis of reports of munshi P. D. Rai of 4B Quarry wagesheets for the weeks ending on 7-12-74, 14-12-74 and 21-12-74, that while preparing the wagesheets he raised figure in the munshi's report from 380 to 402 tubs and on the basis of the said report he prepared the wagesheet for week ending 7-12-74, that he raised figure from 326 to 360 tubs in the munshi's report and on its basis prepared the wagesheet for the week ending 14-12-74, that he raised figure from 355 to 375 tubs in munshi's report and on its basis prepared the wagesheet for the week ending 21-12-74, that cutting and over-writing in the munshi's reports were not pointed out by him to the proper authorities and that in collusion with munshi he prepared the wagesheets on the basis of which payments were made thereby causing loss to the company. The act of raising figures in the munshi's reports and preparation of wagesheets on their basis and payments according to wagesheets came to the knowledge of the management which thereafter issued the chargesheet against the concerned workman. A similar chargesheet was also issued against the munshi P. D. Rai. The two workmen were called upon to submit their explanations. Their explanations denying the charges not having been found satisfactory the management hold a common domestic enquiry in which both were found guilty of the charges. On the basis of the findings in the domestic enquiry the management dismissed both of them. The order of dismissal of munshi P. D. Rai gave rise to one reference and the order of dismissal against the concerned workman has given rise to the present reference. The reference relating to the order of dismissal of munshi P. D. Rai was answered against him and so the order of the management dismissing him remained intact. In the joint enquiry several witnesses were examined by the management who clearly established the case against both. The finding of the Enquiry Officer having been accepted an order of dismissal dismissing the concerned workman was passed by the management. The validity of the order of dismissal therefore cannot be questioned by the concerned workman on any ground and the same has to be held to be justified.

3. The case of the concerned workman as revealed from his written statement is that he had no hand in raising the figures in the reports of the munshi P. D. Rai. His duty was to prepare wagesheets on the basis of munshi's reports which are checked by the managerial staff of the company before they are placed before him for preparation of wagesheets. There were corrections and over-writings in the munshi's reports on the basis of which he prepared the three wagesheets. He, however, did not have any doubt over these corrections and over-writings and therefore, before preparing the wagesheets on the basis of these reports he did not bring the corrections

and overwritings to the notice of the managerial staff. On previous occasions when he had brought such corrections and overwritings in munshi's report to the notice of the managerial staff before preparing wagesheets he had been told not to bother about them and to prepare wagesheets according to the reports. It was because of such previous experience he while preparing wagesheets for the three weeks as mentioned in the chargesheet he did not think it proper to bring the overwritings and corrections in the munshi's reports to the notice of the management and in good faith prepared the wagesheets on the basis of these reports. There was absolutely no collusion between him and munshi P. D. Rai while preparing the wagesheets nor the corrections and overwritings in munshi's report were made with his knowledge. In these circumstances the concerned workman cannot be held guilty on the charges framed against him. The domestic enquiry held into the charges before impugned order of dismissal was passed against the concerned workman was not fair and proper and was in violation of principles of natural justice. So on the findings in such an enquiry the order of dismissal cannot be sustained.

4. Before hearing of the case on merit with the consent of parties the question as to whether the domestic enquiry was fair and proper was gone into and my order dated 7-8-80 the Tribunal has held the enquiry to be fair and proper.

5. In course of hearing before the Tribunal the management has examined only the Enquiry Officer and no witness has been examined on behalf of the union.

6. As has been stated earlier on the basis of the finding against Sri T. D. Rai he was dismissed. He through his union raised a dispute on the order of his dismissal. The dispute was decided in a separate reference which was answered against P. D. Rai. So the fact remains that the order of dismissal passed against the munshi has been maintained.

7. In the common domestic enquiry as many as 12 witnesses have been examined for the management.

Witness No. 1 is Sri Mahata, Asstt. Manager of the Quarry. In his evidence he has placed the case of the management before the Enquiry Officer. According to his evidence when something wrong was suspected in the preparation of munshi's reports and of wagesheets one Sri B. Kumar, Welfare Officer was asked to report after examining munshi's reports and wagesheets for three weeks prior to 11-1-75. It was found by Sri Kumar that for the week ending 7-12-74 Sri P. D. Rai falsely booked 22 tubs, that although Luti Mochi was absent for the whole of the week, 7 tubs were booked in his name, that though Nawale Mia was absent for the whole week, 7 tubs were booked in his name, that though Ram Pware Singh was absent for the whole week, 3 tubs were booked in his name, and that although Anirudh Singh was present for 5 days being absent on 2-12-74 one tub was booked in his name on that day. According to the finding of Mr. Rai for the week ending 14-12-74 there were overwriting in the raising report in respect of Rashid Mia, Bahulal Mochi Jaidish Bhuiyan and Dase Bhuiyan and for that week 6 tubs have been added on 10-12-74, 4 tubs have been added on 11-12-74, 5 tubs have been added on 12-12-74, 5 tubs have been added on 13-12-74 and 11 tubs have been added on 14-12-74. During week ending 14-12-74 there was an excess of 32 tubs. According to Kumar's report for the week ending 21-12-74 13 tubs were overwritten. For this week figure 358 had been cut and figure 374 had been written in its place. Kumar's report as deposed to by witness No. 1 also gives details of overwritings in respect of different weeks. The witness also deposes that the concerned workman did not inform any higher authority either orally or in writing regarding the cuttings, overwritings in the munshi's raising reports. The witness produced at attendance register for the week ending 7-12-74, 14-12-74 and 21-12-74 to falsify the raising reports. He also produced the wagesheets for the weeks which were the subject matters of charges. The oral evidence of this witness finds support from the documents produced by him.

Witness No. 2 for the management is one Sri Y. P. Kashari, 1st Class Manager. He has fully corroborated the evidence of the 1st witness. He deposes about the weeks ending 7-12-74 and 14-12-74. The munshi's reports for these two weeks were brought to this witness for his countersignatures. Before they were brought to him, these reports had been checked by overman incharge A. I. Mitra and A. I. Dave. Witness No. 2 in cross-examination has deposed that there were

no overwritings and re-totallings when the reports were brought to him for countersignature. According to the witness he encircled certain entries in munshi's report at only five places. A scrutiny of the encircled entries shows that they had nothing to do with charges against the concerned workman. The witness has given details about overwritings in respect of different workers in the munshi's report. The witness, however, says that after he checks the munshi's reports usually munshis take the report themselves to the Bill Clerk for preparation of wagesheets.

Witness No. 3 is Sri B. Kumar who made a preliminary enquiry. He has substantially supported the management's case on the basis of his report.

Witness No. 4 is Sri U. K. Rohatgi who was the acting manager and as such signed the chargesheet against Sri P. D. Rai. The preliminary report was submitted by Sri B. Kumar to this witness.

Witness No. 5 Sri C. B. B. Verma does not speak anything about the munshi's reports and the wagesheets in respect of three weeks concerned in the case.

Witness No. 6 is Accountant, Witness No. 7 is one Bhattacharya. Their evidence do not throw any light on any particular aspect of the case.

Witness No. 8 is one A. J. Dave, an overman who was incharge for the week ending 7-12-74 in 4-B Quarry. He has given details about the over-writing and corrections by which original figures in the munshi's report were falsely raised and on the basis of which wagesheets were prepared.

Witness No. 9 is one Manbodh Modi, an overman. He speaks about the report relating to week ending 21-12-74. According to him there were no cutting when he signed it. In the raising report for week ending 21-12-74 according to witness figure 358 had been erased and figure 374 had been written.

Witness No. 10 is one Sri A. Mishra, an overman. He also deposes about the overwritings and cuttings in the munshi's reports.

Witness No. 11 is one Sri H. G. Tewari, ACM. He appears to have signed the munshi's report relating to the week ending 21-12-74. He says that he does not remember whether there were overwritings and cuttings when he signed it.

Witness No. 12 is one Sri S. K. Mehta, ACM. He has deposed about munshi reports relating to week ending 11-1-75 which is not material for the case.

The aforesaid evidence led by the management only goes to show that there were corrections and overwritings in the three reports prepared by Sri P. D. Rai for the weeks ending on 7-12-74, 14-12-74 and 21-12-74. The evidence further goes to show that when either the overman or the Asstt. Manager signed these reports when presented by the munshi these reports did not contain any overwriting or correction etc. Attendance Register produced by the management in the case shows that there have been interpolations showing that a particular worker who was actually absent on a particular day has been marked present and some tubs have been booked in his name. For all these the concerned workman i.e. the Bill Clerk, is not responsible. There is no evidence that the concerned workman had anything to do with the cuttings, overwritings and erasing in Munshi's report nor there is any evidence that they were done with the knowledge or connivance of the concerned workmen. The evidence led by the management as discussed earlier does not implicate the concerned workman and there is no iota of evidence to suggest that the concerned workman had any hand in making interpolations in the Attendance register and in the munshi's reports. There is evidence to show that usually the munshi submits his raising reports to the manager who after checking the same returns them to the munshi who then presents them to the Bill Clerk for preparation of wagesheets. This being the position it cannot be said that the corrections and overwritings and interpolations in the munshi report and in the Attendance Register were done with the connivance with the concerned workman or with his knowledge in order to cause loss to the company. The Bill Clerk is to prepare wagesheet on the basis of the munshi report. Admittedly the reports on the basis of which the concerned workman prepared the wagesheets had all been countersigned by Asstt. Manager. That being so it was not possible

for the concerned workman to suspect the corrections and overwritings in the report. Ordinarily he would think that the corrections and overwritings were to the knowledge of the manager who had countersigned the reports. So on the basis of such reports if the workman prepares the wagesheets and excess payments are made the concerned workman cannot be held responsible. Without any further evidence to connect the workman with the acts of munshi Sri P. D. Rai, assuming but not admitting that it was the duty of the Bill Clerk to bring to the notice of the manager the corrections and overwritings in the munshi's reports before preparing wagesheets, it can at best be said that the concerned workman failed in his duty. This omission on the part of the concerned workman can by no stretch of imagination prove a case of theft, fraud or dishonesty against him or a case that he was responsible for the company's loss. Nothing has been shown to me in course of hearing of the case by the management that whenever there would be corrections or overwritings in the munshi's report it is the duty of the Bill Clerk to bring the same to the notice of the manager before preparing wagesheet. As I have already said there is absolutely no evidence to come to the conclusion that the corrections and overwriting in munshi report and interpolations in the Attendance Register had either been done by the concerned workman or by the munshi with the connivance of the concerned workman or with the knowledge of the concerned workman. A reading of the report of the enquiry officer shows that it is against Munshi P. D. Rai. According to the enquiry officer merely because the concerned workman prepared the wagesheets on the basis of munshi's reports, without bringing the corrections and overwritings in the munshi's reports to the knowledge of the manager, the enquiry officer has found him guilty. But as I have already said the munshi's reports by the time they were presented to the concerned workman had been countersigned by the manager. So the concerned workman might not have entertained any doubt regarding the correction of the munshi's reports. That is also the case of the workman. The workman has also deposed that on previous occasions when he had pointed out some corrections in the munshi's reports to the manager the latter had asked him (workman) to prepare wagesheets on the basis of the corrections. There is no reason why this evidence should not be accepted when there is no evidence to contradict it. There is also another circumstances which may be noticed here. During domestic enquiry P. D. Rai and the concerned workman were asked to write figures '74' as in the raising report for week ending 21-12-74 the figure 258 had been erased and figure 374 had been written in its place. The enquiry officer asked this to P. D. Rai and to the workman in order to be satisfied if figure 74 in the hand of workman concerned or in the hand of P. D. Rai would tally with the figure 74 appearing in the raising report shows that P. D. Rai refused to write the figure while the concerned workman wrote. The report of the enquiry officer does not say that the writing in the munshi's report tallied with the specimen writing of the workman. This conduct of the concerned workman indicates his innocence where as refusal on the part of P. D. Rai speaks a voluna against him. On re-appraisal of the entire evidence led before the domestic enquiry I hold that the finding against the concerned workman cannot be supported on the evidence recorded in the enquiry. Necessarily therefore the order of dismissal passed on the basis of such a finding cannot be sustained. My necessary conclusion therefore is that the impugned order of dismissal dismissing the concerned workman with effect from 4-7-75 is not justified and he is entitled to reinstatement from that date with full back wages. The reference is answered accordingly. There will be no order for costs

[No. L-20012/177/75-D. III (A)]

New Delhi, the 9th January, 1981

**S.O. 305.**—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Arbitrator in the industrial dispute between the employers in relation to the management of B & K Area, Kargali, Central Coalfields Limited, Post Office Bermo, District Giridih and their workmen represented by the State Collieries Mazdoor Union,

Post Office Bermo, District Giridih, which was received by the Central Government on the 5th January, 1981.

15-12-1980.

PRESENT :

Shri M. L. Gulati—Arbitrator.

Shri Chunchun Prasad Singh—Co-arbitrator.

## AWARD

We have gone through the Arbitration proceedings and also we have carefully gone through Enquiry proceedings held by Shri R. V. Erady, then Colliery Manager. Representative of the workman Shri Ramayan Sharma has stated in the course of his arguments that dismissal of Shri Rafique was unjustified and improper and it was done in the period of Emergency. He further alleged that it was a result of fight for supremacy and more contract jobs between S/Shri Ramadhar Singh and Murari Pandey, both of B & K Area. He stated that only truck was weighed once only and it was also after its three sides had already been opened and a lot of coal had already fallen down on the ground before it was taken to the weigh-bridge for reweighment under orders of Shri Vasudavan then Sr. Engineer, Kargali Washery. He also stated that after the above case no more checking of trucks has been done because the local management has not been interested in getting involved in the struggle between the contractors and they are afraid of interfering with weighment of coal transport in trucks.

He stated that Shri Rafique could gain nothing by over-reporting of coal trucks of such stalwart contractors and he has been made a victim of the management's inefficiency and a scap-goat. Moreover, his dismissal for shortage of only two tonnes of coal is a very heavy punishment and he requested the arbitrators to kindly give consideration to the time and circumstances when Shri Rafique was victimised and punished with dismissal from his service.

Management's representative Shri G. P. Sinha, in the course of his arguments stated that there was no question of politics in this case and Shri Rafique has been correctly dismissed from service after he was given full opportunity to defend himself before the enquiry officer. He has exercised his right fully and has attended the enquiry proceedings besides taking part in it along with his co-worker Shri Md. Sholb Khan who has also come to Calcutta along with Shri Ramayan Sharma to plead the case before the Arbitrators. There was no question of victimisation in this case and the Arbitrators will kindly observe from the enquiry proceedings and the case file which has been submitted to them that the management could not afford to allow such a case of fraud and dishonesty to go unpunished. He further stated that Shri Rafique was also earlier charged similarly but a lenient view had been taken at that time. The management now having lost their confidence in his integrity had no other alternative but to dismiss him from service as otherwise the crime could multiply. He insisted that there is no point in reviewing the punishment awarded to Shri Rafique and he requested the arbitrators to kindly confine themselves to the reference before them which is "whether action of the management in dismissing Shri S. M. Rafique, Weigh-Bridge Munshi, Kargali Washery w.e.f. 2-4-76 is justified? If not, to what relief he is entitled". He requested that dismissal of Shri Rafique may kindly be upheld.

After discussion between the arbitrators Shri M. L. Gulati upheld the action of the management in dismissing Shri S. M. Rafique from service, but Shri Chunchun Prasad Singh, co-arbitrator felt that the punishment awarded to Shri S. M. Rafique is disproportionate to the misconduct alleged to have been committed by him. He suggested to Shri M. L. Gulati that case of Shri Rafique deserves consideration because his whole family has been ruined as a result of his dismissal. He also requested Shri Gulati to consider the circumstances of the case and he requested a further review of the punishment awarded.

After discussion between the arbitrators they gave the following unanimous award :—

Shri S. M. Rafique, Ex. Munshi of Kargali Washery should be reappointed with retrospective effect from the date of notification for arbitration i.e. 19-12-79 and that his actual

payment of wages should be made to him from the date he reports for duty after this award. No further relief is awarded.

Shri S. M. Rafique, ex-Weighbridge Munshi, Kargali Washery, CCL.

Vs

Central Coalfields Limited

The earlier adjourned proceedings of 27-10-80 were resumed on 1-12-80.

PRESENT :

Shri M. L. Gulati ---Arbitrator

Representing the Management :

1. Shri G. P. Sinha, Personnel Manager, B&K Area, Kargali, CCL.
2. Shri A. K. Tarafdar, Dy. Personnel Manager, CCL Hq. Ranchi.
3. Shri P. V. Vasudevan, Supdt. Engr. (Washery), Kargali.
4. Shri R. V. Eradi, Supdt. Mines, NSD Colliery.

Representing the workman :

1. Shri S. M. Rafique, Ex-Weighbridge Munshi, CCL, Kargali Washery.
2. Md. Shoib Khan, Operator Gr. I, Kargali Washery .. Co-worker.
3. Shri Ramayan Sharma, Secy., Coalfields Mazdoor Union (Central Committee), Bermo.

At the outset, Shri Ramayan Sharma, Secretary, Coalfields Mazdoor Union submitted his authorisation letter vide Shri Mithilesh Kumar's letter dt. 29-11-80. He also submitted a letter dt. 1-12-80 requesting that as Shri Chunchun Prasad Singh, Co-arbitrator has not been able to come today also, therefore, the arbitration proceedings may start even in his absence so that the case is not further delayed. Both these letters are placed on record.

The management's representatives S/Shri G. P. Sinha and A. K. Tarafdar also stated that they have no objection to proceed even in the absence of Shri Chunchun Prasad Singh in view of his failure to attend twice.

As the representatives of the Union and also that of the management desired that arbitration proceedings should proceed even in the absence of Shri Chunchun Prasad Singh, the proceedings have been held.

Sri Ramayan Sharma on behalf of Shri Mithilesh Kumar further submitted his additional written points, which are also placed on record. A copy of the same was also handed over to the Management's Representative.

Shri G. P. Sinha, representing the management submitted a petition dt. 1-12-80 for consideration of some of the preliminary issues. The said petition is placed on record. A copy of the same was also handed over to the union's representative.

The arbitrator opined that he was required to give his award within the limited framework of his terms of reference which reads, "whether action of the management in the dismissal of Shri S. M. Rafique, Weighbridge Munshi, Kargali Washery w.e.f. 2-4-76 is justified? If not, to what relief he is entitled," therefore, he is not required to make any observations on the Enquiry proceedings.

The arbitrator observed that both the parties have already submitted their written statements. The management's representative has also submitted their rejoinder on the written statement of the opposite party. No such rejoinder has been submitted by the workman's representative in spite of fairly long time given to them. Therefore, at this stage, no further rejoinder is necessary and the parties are called upon to state their case.

At first, Shri G. P. Sinha explained the management's case and then Shri Ramayan Sharma stated on behalf of the workman.

After hearing the parties, the arbitrator gave them opportunity to bring forth additional written or oral evidence if any, which is not already on record.

Shri G. P. Sinha stated that he had brought along with him Shri R. V. Eradi, Supdt. Mines, who was the Enquiry Officer and also Shri P. V. Vasudevan, Supdt. Engineer, Kargali Washery, the then Sr. Executive Engineer (Kargali Washery), who was also complainant in the case, so that in case the arbitrator desires he may like to put them any questions. Hence, both these officers are available. The arbitrator observed that it is for the management if they have to bring out any additional evidence or explain any extenuating circumstances, which are not already on record in the enquiry proceedings or in their written statement, they may like to do so.

Shri G. P. Sinha, in view of the arbitrator's above observations, stated that he has nothing to add to the factual position already on record and he submitted the Enquiry Proceedings in original.

In order to clarify the points raised by Shri Ramayan Sharma, he stated that Shri S. M. Rafique's service conditions were guided by the NCDC Rules, which provide seven days time for submitting reply to the chargesheet. But in the instant case, Shri S. M. Rafique was called upon to submit his explanation within three days, therefore, he emphasized that provision regarding seven days time is recommendatory and not mandatory and Shri Rafique in his reply to the chargesheet has not mentioned any such matter and he had also not made any objection at that time on this account. Further, it has also not prejudiced his case in any manner.

Regarding non-recording of statement of the truck Khalasi, as pointed out by Shri Ramayan Sharma; Shri Sinha stated that the accused or his representative had not earlier raised this before the enquiry officer and the management also did not think it necessary to examine the truck Khalasi as their witness because the complaint was made by the then Sr. Executive Engineer, who was a responsible officer and also because at the close of the defence evidence, it was also repeatedly adduced that they have no more witness to produce. The opposite party's allegation that no such surprise checking of trucks was done thereafter in Kargali Washery; in this connection, he submitted that the management does not make such checks in consultation with every body. He also submitted that the circumstances were such that no further witness was necessary when a responsible officer of the rank of Senior Executive Engr. was himself the complainant.

Thereafter, Shri Ramayan Sharma was called upon to adduce evidence, if any.

Shri Ramayan Sharma had not brought any evidence, therefore, he assisted by Md. Shoib Khan submitted that seven days time for submission of explanation by the alleged/accused in this case was necessary because it is laid down in NCDC rules that employees guided by such rules will be given clear seven days time for submission of their replies to any chargesheet. He further stated that Md. Shoib Khan was a co-worker of Shri S. M. Rafique even before the Enquiry officer and the enquiry officer had ruled out observing that it was not necessary to record evidence of the truck Khalasi. Shri Sharma reiterated that there has been no such surprise checking during the last four years. He submitted that there is no proof that there has been any theft and added that Shri S. M. Rafique has been made a scapegoat. He reiterated that the Enquiry officer had put some leading questions to the complainant and questions leading to confession were put to the delinquent employee which was objectionable as also because the Enquiry officer had called for relevant documents with a view to strengthen the management's case.

At last when Shri Ramayan Sharma concluded his submission, Shri S. M. Rafique who was present throughout, rose up and made an appeal to the arbitrator and submitted that his dismissal is on account of inter-union rivalry and as an offshoot of Emergency; otherwise his mis-conduct as it will be evident from the records and the enquiry proceedings was not so grave as to warrant his dismissal from service.

He made a fervent appeal for his employment so that his children may be saved from starvation.

Shri G. P. Sinha representing the management again submitted that the enquiry proceedings are not vitiated even in the absence of any written complaint by Shri Vasudevan, who had made a verbal complaint as he held a very responsible managerial position in Kargali Washery, therefore, the opposite party's repeated objection on this score that there is no written complaint does not carry weight. The Enquiry Officer had also not followed any discriminatory attitude.

So far as the appeal of Shri S. M. Rafique is concerned, he has no comments, and would request the Hon'ble Arbitrator to go by the record and evidence in the case in keeping with the terms of reference.

At this stage at 3.45 P.M. Shri Chunchun Prasad Singh, the Co-arbitrator also arrived.

It was agreed between both the Co-arbitrators to hold a meeting together at 11 A.M. on Monday, the 15th December, 1980 at CCL's office at Calcutta to write their Award.

Versus

Shri Ramjidas Ramrichpal,  
Mine Owner, Morak Station,  
District Kota,

...Respondent

**AWARD**

The Central Government as appropriate Government referred an Industrial Dispute u/s 10 of the I.D. ct, 1947 vide its order No. L-29011/35/80-D.III.B, dated the 7th July, 1980 in the following terms :

"Whether the following demands of workmen are justified ?  
If an, to what relief the workmen are entitled ?"

1. Rationalisation and introduction of suitable pay scales for the clerical and other staff employed in the mine.

2. Grant of two extra paid festival holidays.

2. On receipt of the reference it was ordered to be registered and usual notices were sent to the parties whereupon none appeared for the Management but the representatives of the workmen appeared and stated that 'we have amicably settled the dispute and now no dispute is left between the parties. A no dispute award be made in this reference.

3. In view of the statement recorded above, I persued the settlement Ex. S/1 and find that it is in the benefit of the workmen and a no dispute award is hereby made in this reference leaving the parties to bear their own costs. The settlement Ex. S/1 would form part of this award.

MAHESH CHANDRA, Presiding Officer.

Dated : the 29th September, 1980.
